Forecast for Sunday 13 Nov 2022

Weather: Some clear spells overnight, mainly across the northern Cairngorms and Ladder hills, with more in the way of cloud and perhaps some light rain across Ben Alder and Creag Meagaidh. A bright day will follow with some warm sunny spells, again the best of these to the north of the Cairngorms. Dry with some clear spells during the evening.

Chance of cloud-free hill tops above 800m: 40%, locally 60% to the north of the Cairngorms.

Low cloud and visibility: Broken cloud with bases 600-800 metres, but more patchy to the north of the Cairngorms.

Met Office Aberdeen Meteorologist's View

Another very mild day, but feeling chilly across the summits in the gale force winds.

Forecast for Monday 14 Nov 2022

Weather: Dry overnight with some clear spells. A bright morning will follow with some sunshine, then clouding over with patchy rain or spreading from the west across all ranges during the afternoon before clearing later in the evening.

Maximum wind: Southeasterly 35 gust 45 mph.

Chance of cloud-free hill tops above 800m: 40% reducing 10% during the afternoon.

Low cloud and visibility: Broken cloud with bases 600-800 metres, becoming more extensive in the rain or drizzle with bases lowering 400-600 metres. Visibilities moderate or poor at times in rain. Clouds breaking to small amounts later in the evening.

Temperature: **Glens:** Plus 8 rising to plus 15 Celsius.
At 800m: Plus 8 Celsius lowering to plus 5 Celsius later.
Freezing level: Above the summits
